Head Start Open Enrollment

Stanton- Montcalm County parents who would like to enroll their child in Head Start are invited to attend an open enrollment and health services event on June 24.

The event will be held from 10:00 a.m. to noon and 12:30 p.m. to 3:00 p.m. at the Mid-Michigan District Health Department, located at 615 N. State Street in Stanton. Families are encouraged to apply online prior to the event. Applications for local preschool opportunities, as well as Early Head Start, are found at www.eightcap.org/earlychildhood.

At the event, parents can enroll their child in Head Start; enroll in the Women, Infants and Children (WIC) program; get their child's immunizations updated, and have their child's blood lead and hemoglobin tested.

Parents are asked to bring their driver's license, proof of income for the last 12 months (required for Head Start enrollment), their child's birth certificate, and insurance card.

Thanks to EightCAP, Inc; the Great Start Readiness Program and Mid-Michigan District Health Department for making this event possible.

The Early Head Start program provides home-based and center-based child development support for prenatal moms and children birth to age three. The Head Start program offers a quality preschool experience to children ages three through five. Both programs are free to those who qualify.

*Mid-Michigan District Health Department serves the residents of Clinton, Gratiot and Montcalm Counties.
We take action to protect, maintain and improve the health of our community.
Advancing innovative solutions to achieve healthier outcomes*
