Motion carried 5-0.

c. Hiring Public Health Nurses (PHN) at Step 3

M. Cheatham stated that the agency received funding from the Federal Emergency Management Agency (FEMA) and the Centers for Disease Control and Prevention (CDC) to combat COVID-19 and was intended to be spent immediately on COVID-19 contact tracing and testing. He said that as the BOH previously approved hiring retired PHN Laura Grosskopf for a 90-day period; MMDHD needed to continue using her services for another 90 days. Additionally, M. Cheatham explained that he would like to hire Andrea Tabor, former Director of CHED, as a temporary COVID-19 PHN. He said that the Michigan Nurses Association (MNA) indicated that as Laura Grosskopf was a seasoned former employee that she should have been started at Step 3 of the 08 wage band and Andrea Tabor was also a seasoned employee and should be started at Step 3; therefore, he requested that the BOH approve both individuals to start at Step 3 of the 08 wage band.

Motion made by C. Murphy and seconded by B. Kellenberger to approve the hiring of 2 Public Health Nurses at Step 3; one for a 90-day period and the other on a temporary basis, limited by FEMA and CDC funding to address COVID-19. C. Partlo called the roll:

F. MEDICAL DIRECTOR’S REPORT: Jennifer E. Morse, MD, MPH, FAAFP

1. COVID-19 Update

Dr. Morse provided an update on COVID-19 stating that there are 25 candidate vaccines in clinical trials and 138 in preclinical trials. She explained the differences between the trials and the phases. She explained the different types of vaccines and how they work. She indicated the link where individuals could follow the status of all the COVID-19 vaccine candidates.
2. Influenza Vaccine

Dr. Morse said that it was very important to get the influenza vaccine this year so that hospitals do not become overwhelmed. She reported that the Massachusetts Department of Public Health was requiring all school students enrolled in childcare, pre-school, K-12, or post-secondary institutions to receive the annual flu vaccine before December 31. She said that Massachusetts was the first state to make this requirement.

Dr. Morse discussed the optimal time to receive the flu vaccine but emphasized the importance of being vaccinated before the end of October.

Dr. Morse reviewed the BOH Monthly Healthy Living Recommendation for September:

1. **Get an influenza vaccination as soon as they become available.**

2. **Get a SARS-CoV-2 vaccination as soon as a safe and effective vaccine has been approved and dosing has been recommended. Until that time, continue to rely on non-pharmaceutical interventions to prevent COVID-19. These include:**
   - Wash your hands often
   - Avoid close contact
   - Cover your mouth and nose with a mask when around others
   - Cover coughs and sneezes
   - Clean and disinfect
   - Monitor Your Health Daily

**Motion made by C. Murphy and seconded by D. Washington to approve the BOH Monthly Healthy Living Recommendation for September as proposed and approve the Medical Director’s Report as presented. C. Partlo called the roll:**

G. **HEALTH OFFICER’S REPORT:**

1. Agreements Signed, July 20 through August 21, 2020

   M. Cheatham briefly reviewed the agreements signed, noting the topic was for information only.

2. COVID-19 Activities

   M. Cheatham reviewed the agency’s COVID-19 response activities stating that Gratiot and Montcalm Counties have held drive-through testing clinics. He reported that the agency was trying to establish a
testing clinic in Clinton County; however, has been running into problems with available testing labs. He reported that several school districts in Clinton County have contacted the health department requesting assistance with students testing positive for COVID-19.

a. Implementing Michigan Occupational Safety and Health Administration (MIOSHA) Guidelines for Gyms

M. Cheatham indicated that the Clinton County Emergency Operations Center invited the health department to a meeting to discuss how to reduce the harm by having gyms open. He reported that gyms in northern Michigan were open and safely following the MIOHSA Guidelines for gyms. He said that in our region, gyms are supposed to be closed by Executive Order and that there was risk to opening them. Additionally, the Health Department does not have capacity to monitor all of the gyms districtwide. He explained that in Clinton County, police officers are being called to investigate complaints regarding open gyms, so while they are already there conducting their investigation, they have agreed to complete a checklist if provided one by MMDHD. M. Cheatham said that for this to be a MMDHD policy, Gratiot and Montcalm Counties would also need to approve.

Andre Hutson from Conquest Gyms requested permission to comment. He said that he opened his facilities up because of an outcry from members to be fit and because his businesses have been closed for five months. He indicated that he has spoken with M. Cheatham and the police chiefs within his service area explain that he promotes safety and being checked every day for compliance. He said he appreciated the time that the Board has taken to consider this issue.

G. Bailey and C. Murphy said that they cannot consider this topic without discussing it first with the Gratiot County Sheriff’s department and prosecutor. G. Bailey agreed that the MIOSHA Guidelines for gyms are good and that these businesses should not be forced to stay closed. G. Bailey mentioned that he was concerned with enforcement. B. Kellenberger indicated that she would need to discuss the issue with the Montcalm County Sheriff and prosecutor as well.

M. Cheatham requested authorization from the BOH to continue exploring the process of gyms opening in the district under MIOSHA Guidelines for gyms, indicating that he would discuss the issue with Montcalm and Gratiot County staff.

D. Washington commented that it would not be considered a blanket authorization for gyms to stay open but would be determined by the current COVID-19 cases in our region.

Motion made by B. DeLong and seconded by C. Murphy to continue to move forward with using the MIOSHA Guidelines for gyms to open. C. Partlo called the roll:

Motion carried 5-0.
3. Immunizations

M. Cheatham discussed the agency’s plan to restart immunizations prepared by Mary Kushion, Consultant hired through the Cross-Jurisdictional Sharing grant.

4. Centers for Disease Control and Prevention (CDC) Vaccine Planning

M. Cheatham reviewed the letter received by the agency outlining the process for administering a COVID-19 vaccine to the public.

5. Trace Force Data

M. Cheatham explained the Trace Force data noting that in several categories the agency was above Michigan levels.

Motion made by G. Bailey and seconded by D. Washington to approve the Health Officer’s report. C. Partlo called the roll:

H. OLD BUSINESS:

1. Riverdale Update

L. Braddock mentioned that a meeting was scheduled in September to meet with the Riverdale community and the Michigan Department of Energy, Great Lakes, and Environment (EGLE) that was being restricted to 10 members due to the Executive Order. She noted that Zoom access had not yet been established. She reported that progress was slowly moving forward.

2. PFAS Update/Test Results

L. Braddock provided an update regarding PFAS stating that a new site in Montcalm County was identified and 16 homes were being tested this week. If a positive test result is found, water filters would be provided to residents. G. Bailey asked if the source had been found. L. Braddock replied that the source had not been found; however, old landfills or dumps were being explored.

I. NEW BUSINESS:

1. L. Braddock mentioned that the agency had issued letters regarding COVID-19 complaints within the district.
2. Emerging Issues

a. Arbovirus –
Second Horse Has Eastern Equine Encephalitis (EEE), Morning Sun, August 20, 2020
EEE Confirmed in Montcalm County Horse, Daily News, August 20, 2020

L. Braddock reported that another horse in Montcalm County has tested positive for EEE. She said that currently, there were two positive horses in Montcalm County and two positive horses in Clare County. She indicated that mosquito traps were being set in Montcalm County to try and capture the infected mosquitos.

Motion made by G. Bailey and seconded by C. Murphy to accept L. Braddock’s report and place it on file. C. Partlo called the roll:
