

NEW SESSIONS STARTING JAN 18, 2023

CREATIVE COPING:

An art-based workshop for kids and parents

Four Wednesday evening sessions from 6 p.m. to 7 p.m.

Zeinab Moussa

It takes time for children to develop emotional intelligence—the ability to perceive, understand and manage emotions. Parents can play a key role in this development. These four online workshops pave the way by involving family members in creative art projects centered around identity, self-awareness and emotional expression.

The workshops are led by clinical mental health counselor Zeinab Moussa, who has children of her own and loves to get families talking, especially while making art!

To participate, all you need is an internet connection to Zoom and some white paper, scissors and crayons, markers, or pen/pencil.
