Mid-Michigan District Health Department Receives a Grant from Delta Dental Foundation to Expand Dental Care

Clinton, Gratiot, Montcalm Counties, Mich. – The Mid-Michigan District Health Department (MMDHD) is excited and proud to announce that it has been awarded a grant from the Delta Dental Foundation (DDF). The grant dollars have been used to purchase a van for travel, allowing expanded Dental Care for the students of Clinton, Gratiot, Montcalm, and Shiawassee Counties.

“This grant has helped us reach even more students across our region,” says Shelley Treynor, MMDHD’s Oral Health Coordinator. “Having a van dedicated to our oral health programs means spending less time coordinating logistics and more time helping kids and connecting families with care.”

The purchase of the van will result in increased storage and hauling capabilities and a recognizable brand identity. This grant also expands dental coverage into Shiawassee County schools, which are not in MMDHD’s jurisdiction.

“Taking dental care on the road is just one way we can address barriers to care,” says Holli Seabury, EdD, executive director of the DDF. “Vans like these are helping hygienists statewide deliver more preventive dental care to children and families.”

About the Mid-Michigan District Health Department:
